</tr>
<tr>
<td>2) Quantitative Methods: MAT 174</td>
</tr>
<tr>
<td>3) Business Statistics: BUS 205</td>
</tr>
</tbody>
</table>

The Professional Admission process is competitive and selective. Application periods occur early in the fall and spring semesters; please visit our website, [www.ugrad.eller.arizona.edu](http://www.ugrad.eller.arizona.edu), to find more information. In order to be eligible to apply for Professional Admission, applicants must meet the following requirements by the application deadline:

- **Foundation Coursework**
  - All graded attempts in Pre-Business Foundation courses will be used.
  - Certain Pre-Business Foundation courses must be completed before the start of the Professional Admission application process, and any remaining Pre-Business Foundation
courses must be successfully completed with a transferable grade (C or higher) by the end of the regular semester in which the student is applying for Professional Admission (i.e. students may not complete required courses during the summer or winter following their application to be eligible for application).

These requirements are:

- **English Composition Sequence**  
  At least one complete and the other can be in progress
- **Financial and Managerial Accounting Sequence**  
  At least one complete and the other can be in progress
- **Economics**  
  Complete or can be in progress
- **Management Information Systems**  
  Complete or can be in progress
- **Business Math Sequence**  
  At least two complete and the other can be in progress

- **Grade Point Average**  
  Applicants must have a minimum cumulative GPA of at least 2.75 on 12 or more completed graded UA units (this minimum is subject to change in future semesters). *If fewer than 12 UA units have been completed, a student’s cumulative GPA will be calculated using all attempted collegiate-level coursework from all previous transfer institutions attended.*

- **Unit Requirement**  
  Applicants must have completed a minimum of 42 units of work acceptable to The University of Arizona, and be on track to complete 54 credits by the end of the semester in which they apply.

- **Skills Assessment Exam**  
  Applicants must obtain a passing score of at least 75% on the Skills Assessment exam in order to retain their Professional Admission. The Skills Assessment exam is a 40-minute examination consisting of 20 multiple choice questions. The exam is designed to test your understanding of basic accounting concepts and quantitative analysis methods covered in Financial Accounting & Brief Calculus.

- **Good Academic Standing**  
  Students must be in good academic standing (UA GPA of 2.0 or higher) and be admitted to The University of Arizona at the beginning of the semester in which they intend to begin their upper-division courses in order to start the cohort.

The Eller College of Management admits 400 students through Professional Admission each fall and spring semester. The criteria used for evaluation are:

- **Cumulative GPA:** Transfer GPAs are calculated with all attempts at transferrable collegiate coursework (i.e. if a transferable course did not transfer to UA due to a grade or D or F it will still be figured into the cumulative GPA calculation; Ws are not considered in GPA calculation)
- **Foundation GPA:** The Foundation GPA is calculated using all attempts of the required pre-business courses
- **Interview:** This includes resume, cover letter, and interview with 1-3 alumni and/or friends of the Eller College
